

Salaried GP position in Blyth, Northumberland 5– 8 Sessions per week

Please contact: rebecca.mear@nhs.net 01670 356887

Railway Medical Group has an exciting opportunity to join our highly regarded Northumberland based training practice as a salaried GP. We are offering 5-8 sessions per week over 4 days.

Railway Medical Group is a large, busy teaching practice in Northumberland with a patient list of 27,000. We have built a multi-disciplinary team of GP Partners, Salaried GPs, Paramedics, Nurses, Pharmacists and Social Prescribers, who are fully supported by our administrative and management teams. Operating across four sites, our main site is purpose-built and houses all GPs and Practice Nurses.

We are an innovative practice; investing in and improving our Patient Navigation systems, offering eConsults and appointments with APNs, Pharmacists and Social Prescribers where appropriate, reducing the pressure on our GP team wherever possible. Our in-house acute service picks up same day cases, further reducing the stresses of normal GP life.

Our Practice Special Interests include research, minor surgery, women's health, dermatology, joint injections, teaching, LMC, PCN and ICB active membership.

Working for Railway, you can expect:

- Your day to involve 12 face-to-face patient contacts plus 2 routine phone calls in the morning and 15 face-to-face patient contacts in the afternoon, with a share of home visits
- Reduced admin so you can concentrate on clinical responsibilities – Letters are pre-screened and coded, blood test results are pre-screened and filtered.
- Pro rata Saturday surgeries (paid in addition to your normal salary at £385 per session)
- Our medicines management team and strong reception and admin teams to support you
- Our full support to specialise in a subject of interest to you
- Monthly in-house teaching

The Benefits

- A salary starting at £10,650 per session pa (minimum, dependant on experience), rising to £12,233 per session
- 6 weeks annual leave plus 1 week study leave
- NHS pension
